Homework 3

During this semester, you will concept, design and create an app for your final project. Choose 1 of your app ideas and refine it. Your choice will be your final project.

Requirements

1. Draw or design wireframes for each of the major screens of your app.
2. List all the major features of your application and additional technical features that are required for each feature.
3. Describe the design style based on your demographic.
4. In no more than one paragraph (3-5 sentences), describe your app to a potential customer.

Grading

Completing all requirements gives a base score of 90%. To achieve a higher score, add additional content, ideas, design or extra detail. The more, the higher the potential grade.
